College Track is looking for committed students who are motivated to obtain a college education and are ready for the rigorous structure and support that we provide.

What is College Track?

College Track is a **FREE** after-school and summer college completion program that helps first generation and low-income students who have the **motivation** but lack the **resources** and support to obtain a college education. We help our students **succeed** in getting through high school, into college and to college graduation. We provide the **tools** and **opportunities** our students need to realize their **dreams**: academic support, extracurricular activities, community service, internships, and assistance in all aspects of the college application process.

How does College Track help students get into college?

College Track's approach is intensive, comprehensive, and personalized so that we can best meet the needs of all of our students. College Track students are expected to participate in each of our four programs areas:

- Academic Affairs ensures that our students are both eligible and competitive for college admissions through tutoring, ACT prep, and academic counseling. It ensures that students are ready for the rigors of college classes by helping students develop the habits and skills they will need to succeed on campus.
- Student Life provides mentorship, workshops, and opportunities for students to explore their passions and dreams through experiential learning and community service opportunities during the school year and summer.
- College Completion provides support and guidance to students through college graduation by exposing students to colleges and universities, helping students find summer programs on college campuses, visiting colleges, completing the application and enrollment process, and supporting students once they arrive on campus. It also assists students with financial preparation for college.
- Wellness provides support for social/emotional learning and well-being for College Track students. The Wellness Program provides mentors who are available to students for social/emotional skill acquisition in stress management, conflict resolution, pro-social skills, emotional regulation, impulse control, overcoming obstacles, and more.

When does it start and what is a typical day like?

At the beginning of each semester, students create their weekly College Track schedule, signing up for weekly workshops and tutoring sessions. Students will schedule to come in about 3-5 hours per week, on weekdays between 2:45pm - 7:45pm. During that time, they participate in one-on-one or small group tutoring depending on need and attend workshops or study groups aimed at enhancing academic performance. Students also work with staff and peers to pursue things they're passionate about, ranging everywhere from photography to service at a dog shelter. Students participate in college completion classes and projects where they learn about colleges, scholarships, and how to complete their applications.

Who may apply to College Track?

- Students who are dedicated to their education, regardless of documentation status.
- Students who are motivated to obtain a college education.
- Students whose parents did not graduate from college.
- Students who are low-income, and or receive free/reduced lunch.
- Students who are dedicated to their education, regardless of their GPA.
- Students who can make a commitment to 3-4 hours a week at College Track after school.
